## BOARD OF SELECTMEN

We are pleased to submit our annual report to you, the citizens of Milton.

1991 proved to be a year filled with change. We witnessed the retirement from the Board of Milton's elder statesman, Glenn Stewart, as well as the unfortunate resignation of Selectman Frank DeFelice. Prior to their departure the Board was fortunate to agree to hire a part time professional Administrator. Having an Administrator allowed for continuity on the board while replacements were selected to fill the vacant seats. He also assisted the Board to remain focused on its overall mission - to provide you, the residents of Milton, with the quality and level of services which you deserve.

With the addition of the newly appointed Board members, Doug Shute and Paul Carlson, the Board has been able to form an effective working team. We have been working towards achieving greater accountability of the various town boards, committees, and Department Heads, to the Board, and in effective to you - the townspeople. Our goal is to ensure that your town government is operating in the most efficient and effective manner possible.

Accomplishments during 1991 and early 1992 include:

- completion of the town wide property revaluation;
- streamlining & consolidating the various town insurances;
- hiring an engineer to begin the landfill closure process;
- drafting a new personnel plan and safety policy to comply with state and federal regulations; and,
- adoption of an official town street map.

Rising property taxes are a concern to us all, especially in these tough economic times. With this in mind we made every attempt to hold the line with our proposed budget for 1992, yet start to evaluate and begin long range capital planning for the town. We feel strongly that our budget accomplishes these tasks and ask that you look favorably upon it. We have held the figures in check so that should our budget be passed, we estimate no increase in the town tax rate - it would remain level, and perhaps go down a couple of pennies.

We want to thank all the various Department Heads and town boards for their support and work in helping us in our mission. We look forward to continuing our efforts in fostering a cooperative management approach during the coming year.

Special thanks to all our town volunteers, both appointed and elected. These citizens are an important link in making town government a part of and responsive to community needs & values.

Sincerely,  
Joan Tasker Ball, Chairman  
Douglas Shute  
Paul Carlson

## BUDGET COMMITTEE

In its second year, the Budget Committee has worked very hard to fulfill its two main responsibilities under the Municipal Budget Act: (1) to oversee the expenditures of the current appropriated budgets and (2) to prepare recommended budgets for the coming year.

The Budget Committee consists of six Members at Large and three Representative Members. The members at large are: George Burrows, Agnes Carlson, Elaine Ling, Robert Srnc, Paul Sylvester and Leona Thompson. The representative members are: George Banks, Water Precinct; David Seaward, School Board and Douglas Shute, Board of Selectmen. In addition, the Budget Committee has been assisted by Marylin Pike serving as Secretary.

We are pleased that quite a few townspeople have attended our meetings and we encourage anyone interested in the Municipal Budget Act and the Milton Budget Committee to come to any of our regular meetings held on the third Thursday of the month at the Teneriffe Building at 7:00 P.M.

It is important to know that much work goes into the preparation of the Budget Committee's Recommended Budgets which are presented at Annual Town Meeting and Annual School District Meeting. Before voting to finalize its recommended budgets, the Committee has spent many hours checking the background of requested line items and reviewing and clarifying the need for funding. Your Committee is a dedicated group willing to expend their time and interest in an effort to represent to the best of their ability, the wishes of the townspeople with regard to fiscal responsibility.

The Committee works on your behalf and hopes you will continue to give us your input as we move forward under the Municipal Budget Act in 1992.

Respectfully Submitted,  
Elaine Ling, Chairman

House pushed off foundation	1	
Flooded Road	1	
Remove subjects rafting on river	1	
Total	33	Calls
Total 1991 Responses	163	

As can be noted above, we had a large increase in runs over the previous years. This is due mainly to the hurricane on August 19th.

Each year, we in the Fire Service experience numerous changes in the way incidents are handled. This requires a major commitment on the fire fighters part to keep up with these ever changing practices. For this commitment I'd like to say thank you to all the Milton Fire Dept. members for their dedication to the town.

Again to all the families of those fire fighters, thank you for being flexible in the "missed meals" "change in evening plans" etc. Your dedication is also appreciated.

John L. Gilman, Fire Chief

## TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response or our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N.H Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N.H Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

Robert D. Nelson, Chief, Forest Protection  
Lee Gardner, Your Local Forest Ranger  
John Gilman, Municipal Forest Fire Warden

## MILTON PLANNING BOARD

1991 marked the first year in which the Planning Board members were elected by the Town rather than being appointed. The elections were held in March and the full Board was elected for a three year term. The initial term of some members was staggered over a one, two or three year term but eventually, all members will be elected for three years.

The present Planning Board consists of Bette White, Ron Loiselle, Scott Berry, Joseph Messina, Rodney Woodill, Eugene Nute and Joan Ball, ex officio.

The alternate members are Dexter Robblee, Edward Orlando and Russell Martin.

The recession has affected the sub-division activity. The board has had several applications for sub-division but the majority of them were for small lots dividing one large lot into two or more smaller lots. There have been a number of boundary line adjustments.

It is fortunate that the development activity did in fact slow down because the Board has been limited by constraints of money. Our budget for 1991 was \$5000.00. By July 1st, it became apparent that the appropriation would not be sufficient for the year so the Board took steps to reduce expenditures.

The telephone was discontinued. The Secretary was dismissed. Where we had been having office hours on three days, we closed the office entirely. The Board had public meetings once a month and then met after that on work shops, at no public expense.

In October, we did secure a re-imbursement sum of \$1235.39 and that did help with expenses later in the year.

Still, the Board has performed its function, although in a limited fashion and is still a vibrant, performing Board.

We thank the townspeople for giving us our annual appropriation. We invite you to attend our meetings and pledge that we will be working with the interests of the Town of Milton in mind.

## MILTON ZONING BOARD OF ADJUSTMENT

The ZBA was kept busy this year with all the growth and changes in the zoning laws. People still thought they could do anything or build anywhere not realizing the zoning ordinances had changed in 1989. We meet the first Wednesday of the month providing there is someone on the agenda. If not, we do not meet. We have gone through changes and have established a more formal meeting.

The majority of our members have been on the board for several years, and they are truly dedicated volunteers. The members are: Dwayne Bowen, Tim Corbett, Bill Lagrande, Steve Page, and Betty-Mae Russo. Alternates are Rusty Martin and George Cushing. We are assisted by our secretary, Marilyn Pike, Rob Houseman of the Strafford Regional Planning Commission, and the town's attorney.

We cordially invite you to attend our meetings at any time.

Respectfully Submitted,  
ZBA Members

## CONSERVATION COMMISSION

The Conservation Commission was reestablished in October 1991. It's members - appointed by the Selectmen - are: Jan Nelson, Chairman; Norm Theberge, Vice Chairman; Connie Theberge; Secretary-Treasurer, Charlotte Stewart and James Sanborn.

In these three months, we investigated and considered a conservation easement deed for a winter deer yard, two members attended workshops in Concord, and we met with the re-cycling committee to discuss enforced use of landfill permits.

We will work hard in 1992 to protect, preserve, and ensure the proper utilization of our Town's natural resources, as outlined in the Conservation Commission's statement of purpose.

Sincerely,  
Jan Nelson

### **NH LAY LAKE MONITORING PROGRAM at Milton Pond**

In August of 1991, ten (10) interested citizens met to discuss and implement monitoring of our Lake water. During the winter, Jan Nelson had attended a work shop on this subject at UNH, and she presented the group with an overview of the program.

Although it was late in the season five (5) testings were completed, with all samples taken each week to UNH to be analyzed.

Financing for this project came from the Durgin Fund, the Conservation Commission, and donations from involved individuals.

This will be a long term project, with at least ten (10) testings alone in a 10 week period each summer. We sincerely hope that anyone who would like to help, either with time or financing, will contact us.

Officers are:

President: Jan Nelson  
V.P.: Phil Hetl  
Secretary: Connie Theberge  
Treasurer: Rachel Millette

## PARKS & RECREATION COMMISSION

The Parks and Recreation Department had another successful year in youth programs. The winter Basketball program brought over 80 boys and girls to Nute high. Close games and good sportsmanship highlighted this program. Many thanks to the coaches and referees for their time. The second year of Soccer saw over 60 youngsters playing at the Town Beach and Lockhart Field. The young group worked on basic moves and positions, while the older group had a more structured competition.

Baseball continues to be most popular with 140 plus players involved. For what may be the first time in Milton history, 3 leagues played this year. The Little League saw teams from Spinale's Restaurant, Merle's Auto Parts, Milton Police and Village Laundry compete. After a 12 game season, Spinale's and Merle's shared the top spot. Our new triple A teams represented Milton Fire, Dr. Jim Manning, Eastern Marine and Parks and Rec. After all was said and done, one game was the difference between the top three teams. The Minor league with its emphasis on basics and fun fielded teams from Ray's Marina and Dame Crane. Our Little League All Star team travelled to tournaments in Rochester, So. Berwick and Farmington. Their best finish was in Farmington, where teams from Dover south and Oyster River were our victims and Milton ended up tied for fourth place.

Returning this year was the Annual Fishing Derby. The event held at Evergreen Valley brought close to 100 youngsters out to give it a try. A good time was had by all as lessons and a large number of fish were caught that day.

I would like to take this opportunity to thank George Zink for his many years service to Parks and Rec. After 7 years George has decided to take a well deserved break. The good news is that he will continue his coaching and helping with our programs. Thanks, George.

Finally, thanks to our volunteers, our programs work because of you. THANKS

Sincerely  
Jim Culverhouse

## MILTON TOWN BEACH REPORT

The Milton Town Beach enjoyed another successful season despite financial uncertainty. Several Sundays had less than ideal weather, thereby saving money that would have been spent on extra lifeguards. Inclement weather saves on beach expenditures but, of course, it also reduces beach revenue. The Beach Commission continues to be concerned about planting new trees to replace those that are dying. 129 people participated in the swimming lessons program. The lifeguards and gatekeepers continue to serve the town well and The Town Beach remains a pleasant, clean, and safe environment for family recreation and fun. The town is also fortunate to have four longtime Milton residents serve as Beach Commissioners as they continue to be actively involved in providing the best beach facility possible.

Respectfully Submitted,  
Philip M. Mollica  
Beach Supervisor

## MILTON FREE PUBLIC LIBRARY

This year was the third good year in a row for our library. Our patrons increased in number. Our circulation and attendance figures were increased. A lot of the credit is due to our excellent Librarian, Nan Soule, who does a wonderful job with children, our biggest group of customers.

We have color-coded the children's books by age groups. Nan purchased read-a-long books instead of videos and they are well received. On Thursday evenings, as well as Tuesday afternoons and Saturday mornings, we have a large group of Milton Mills elementary students come to the Library to meet their friends, study and use our books. They are good kids, well mannered and we welcome them.

We have joined an Association of Area Libraries where the Librarians meet and exchange ideas. Farmington, Union, Rochester and others are in this group.

Our Library is wholly dependent upon the Town money for its operation. We pay our salaries, lights, telephone, fuel and buy books from the appropriation. This year, for the third year in a row, we have stayed within our budget.

During July and August, the trustees pondered whether to move the Library to the vacated Elementary School. The attraction, of course, was running water and toilets since there is neither in our Library building. We had a public hearing. We talked with local residents and in the end, decided NOT to move, since so many wanted us to "stay where we are". We want to thank the School Board for being so cooperative during this time.

Perhaps our best event was the Summer Reading Program which ran on Thursday evenings from June 28th to August 29. The theme was Knights of Old with dragons, castles and Camelot. It was for children from age 3 to 39. We built a six foot high papier-mache dragon on the Library lawn (on a tarp). We attracted a summer resident who brought her daughter down to help paint it and then stayed the rest of the program. The dragon looked very fierce. Castles were made from cardboard. Adult volunteers read tales of King Arthur's roundtable and the children had a program of reading books on the subjects with prizes in mind. On August 29, we had a Knighting ceremony party from 6:30 to 7:30 with punch, cookies and awards and prizes for reading, crafting, etc. We had over 50 kids in attendance for the program and the State Library said that it was one of the better ones in the State. How about that?

We appreciate all the help that the townspeople have been in our support and urge you to visit our Library.

## PLAYGROUND COMMITTEE REPORT

---

The playground behind Milton Elementary School has undergone many changes since last year. Phase I ( blasting, excavating, grading, loaming, and seeding of the ballfield, building access steps behind the school and creating a skating rink ) was completed this year. The work has been done with the help of many volunteers who gave up valuable time to help out. A water gate has been built in the skating rink so water levels can be controlled and the rink has been maintained for use for the second year.

In the spring of 1991, the elementary school children raised over \$4,000 toward a play structure which they voted on. It was installed in one weekend (again , with the help of volunteers). The children have used this all year during and after school.

In the fall the Committee submitted a grant proposal to the Department of Resources and Economic Development for Phase II. Phase II, which should complete the ballfield and play area, consists of the following:

- Fencing (ballfield and play area)
- Functional landscaping (to fix the steep hill next to the new addition)
- Replacing and upgrading the existing structures in the play area
- Paving a small basketball area

The grant proposal has been accepted and work should begin this spring and summer. We will, however be working hard to raise money through donations, fundraisers and aluminum can recycling this year since the grant requires matching funding from us.

Special thanks go to those who have given so much to this project!

## MILTON WASTEWATER DEPARTMENT

The wastewater plant treated 15,597,000 gallons of sewage in 1991 for an average daily flow of 42,730 gallons per day. This is 42% of design capacity leaving plenty of room for increased growth. The overall quality of the effluent was very good with an average biochemical oxygen demand removal of 93.2% and an average suspended solids removal of 90.0%.

The aeration tubing in #2 Lagoon was replaced with new tubing and drain system to see if the air pattern and water removal would improve. Both have greatly improved and we are planning to do the same thing to Lagoon #1 in 1992. This will help reduce the electric costs and will pay for itself over time.

All the plant equipment is working very well. We did have to replace the other 550 gallon bulk chlorine tank due to hairline cracks which allowed chlorine to start leaking into the containment system.

Dale Sprague

## STRAFFORD REGIONAL PLANNING COMMISSION

---

Established under RSA 36:46 the Strafford Regional Planning Commission is a public agency whose primary purpose is to assist its 16 member municipalities in planning for the development of the region. The activities of the commission include developing regional plans covering issues such as transportation, land use, and economic development, as well as providing assistance on local planning matters to member municipalities.

Local funds (dues) from member towns and cities finance basic core services of the commission and roughly fund one of SRPC's four professional planners. Through its bimonthly meetings of municipal representatives, the commission provides a forum to discuss projects of areawide concern. In 1991 commissioners focused on projects and issues such as the redevelopment of Pease Air Force Base, the East-West Highway environmental impact statement, and economic development.

Recognizing that the needs of the region's rural communities differ from the cities, SRPC's Regional Economic Development Committee recommended a two-track approach to economic development. In October the committee sponsored a workshop where officials from Barrington, Durham, Lee, Milton, Nottingham and Rollinsford discussed methods for promoting rural economic development. SRPC is working with town industrial development committees to secure federal grants for infrastructure improvements at town industrial parks.

Since 1987 SRPC has coordinated household hazardous waste collections. Even though Strafford County funding for collections ceased in 1989, SRPC helped coordinate multi-municipality collections in 1990 and 1991. On October 5, 1991 SRPC organized a collection for the seven communities in northern Strafford County. Commission staff also assisted Dover and Durham officials implement collections on October 26, 1991 for residents of five additional communities in the region.

SRPC uses local funds to match state and federal grants in order to carry out a larger program of regional projects. In 1991 the commission coordinated regional recycling programs and assisted municipalities in bringing their regulations into compliance with the National Flood Insurance Program. In 1992 SRPC will be mapping pollution sources along the shoreline of Great Bay and the tidal rivers in Dover, Durham, Newmarket, Lee and Madbury.

For this project, SRPC will be using our Geographic Information System (GIS) which permits the storage and manipulation of geographic, environmental, and physical data and the production of final quality color

---

maps. The commission now has a complete soils overlay on the GIS which has enabled the production of wetlands mapping at the regional and municipal level. The GIS is also an important tool in identifying suitable development areas, as in SRPC's study for Barrington that led to the creation of a 1000-acre industrial park on Route 125. In early 1992 SRPC will be receiving digital USGS base information which will be used in future GIS maps. In June 1991 SRPC became the first region in New Hampshire to complete a generalized existing land use overlay for the region using the GIS. Each of these projects is regional in nature and allows for the production of municipal-level mapping sufficient for master planning.

We encourage local officials and citizens to contact your representatives to SRPC to discuss our work program and share your ideas on the future development of the region.

Respectfully submitted,  
Paul B. Smith  
Executive Director, SRPC

## **RURAL DISTRICT HEALTH COUNCIL, INC.**

Rural District Health Council, Inc. continues to serve as Milton's home health agency offering skilled nursing, rehabilitative services, home health aides, homemakers and hospice care on an intermittent basis. A nurse is available to our clients 24 hours a day, seven days a week with visits made as needed. Home health services help to limit the length of hospitalizations and enable people to remain in their homes as opposed to nursing home placement.

Rural District Health Council, Inc. provides Well Child Clinics for residents of our nine communities with children from birth through six years receiving physicals, immunizations, growth and development counselling, nutritional counselling, and lead, anemia and urine testing. Home visits are provided for newborns and sick children of all ages. SIDS counselling is offered to all families that are dealing with Sudden Infant Death. As of December 31st, 1991 three-hundred and seventeen children are enrolled in our Well Child Clinics.

Health Screenings are offered in five locations for residents of all nine communities to educate the public with regard to health maintenance through B/P monitoring, diet counselling, and assessment of blood hemoglobin and glucose. Over two-hundred and sixty-five flu shots were given this fall.

There have been many changes within the Agency this year. The growth has been astounding, we have completed over 15,450 visits in 1991, up from 10,080 in 1990. The staff has adjusted well to the growth and the change that comes with a change in administration. We have taken the plunge into the world of computerization. Rural District is working with two other area VNAs and Strafford Hospice to provide our communities with a certified Medicare Hospice program.

Rural District is especially pleased to have been able to reduce our per capital request to each of our supporting towns. We have accomplished this without any infringement on available services. We recognize that each of our communities are having to tighten-up their budgets and we are doing our best to help in those efforts. During this economic climate when more and more people cannot afford health care, are avoiding hospitalization and have no insurance, Home Health Care is increasingly important.

We appreciate and need your ongoing support. We thank your Board Representatives for their time and efforts on behalf of Rural District Health Council, Inc.

Respectfully Submitted,  
Linda Hotchkiss, RNBS Exec. Dir.
